UAB „ARMAVISTA“

QUALITY AND ENVIRONMENTAL POLICY

UAB "Arnavista"'s main field of activity is international road transportation of goods.

Our mission – is to create a stable, socially responsible and environmentally friendly company, conduct transparent business and meet the expectations of our employees!

Our vision – is to become a leader in service quality in the Baltic region!

In order to organize our company's activities effectively, we implemented a quality and environmental management system in accordance with ISO 9001 and ISO 14001 requirements.

Our company's priorities are meeting customer expectations and needs, ensuring environmental sustainability and safe transportation of goods.

Professional team, knowledge and expertise, communication and efficient work lies at the heart of our company's success!

Every year the company sets itself quality and environmental objectives and reaches them.

UAB "Arnavista" undertakes:

- to comply with the implemented quality and environmental management system, standards, applicable laws and other requirements;
- to continuously improve the performance of the management system;
- to protect the environment and comply with environmental pollution prevention principles;
- to allocate all necessary resources for effective functioning of the management system.
